Privett Montessori
NURSERY SCHOOL

1.8a Mobile Phone and Electronic Device Use

Policy Statement

At Privet Montessori Nursery School, we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the nursery receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones, smartwatches and/or fitbits during working hours.
We use mobile phones supplied by the nursery to provide a means of contact in certain circumstances, such as outings.

This policy should be used in conjunction with our online safety policy to ensure children are kept safe when using the Nursery School devices online

Staff must adhere to the following:

- Mobile phones/smartwatches/fitbits are either turned off or on silent and not accessed during your working hours
- Mobile phones/smartwatches/fitbits can only be used on a designated break and then this must be away from the children
- Mobile phones/smartwatches/fitbits should be stored safely in staff bag at all times during the hours of your working day
- No personal device is allowed to be connected to the nursery wifi at any time
- The use of nursery devices, such as tablets, must only be used for nursery purposes
- The nursery devices will not have any social media or messaging apps on them
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age appropriate, safe apps will be accessible to staff or children using them
- Passwords / passcodes for nursery devices must not be shared or written down
- During outings, staff will use mobile phone belonging to the nursery wherever possible. Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only nursery owned devices will be used to take photographs or film videos
- Nursery devices will not be taken home with staff and will remain secure at the setting when not in use.

Parents' and visitors' use of mobile phones and smartwatches

Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care and share information about the child's day. However, parents and visitors are kindly asked to refrain from using their mobile telephones whilst in the Nursery School or when collecting or dropping off their children.
If you are found to be using your phone inside the nursery premises you will be asked to finish the call or take the call outside.
We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.
Visitors are requested to leave their mobile phones or smart watches in the safety of the office where they will be locked away safely.

Photographs and videos

At Privett Montessori Nursery School we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner. We obtain this when each child is registered and we update it on a regular basis to ensure that this permission still stands.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press; and relation to and the social media platforms we use. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the nursery. The Nursery School manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded.

Photographs or videos recorded on nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the Nursery school manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

Applicable for settings using Online Learning Journals only

At Privett Montessori Nursery school we use tablets in the rooms to take photos of the children and record these directly on to their electronic learning journeys. We ensure that these devices are used for this purpose only and do not install applications such as social media or messaging sites on to these devices.

We also do routine checks to ensure that emails and text messages (where applicable) have not been sent from these devices and remind staff of the whistleblowing policy if they observe staff not following these safeguarding procedures.

Change Log		
This policy was changed on	**Signed on behalf of the nursery**	**Reason for change**
7/08/2020	Veronica van Ingen	Adoption of policy
26/10/2021	Veronica van Ingen	No changes, part of annual review
